

Montage

A jumble of shapes collect together creating an irresistible design. Five crystals in three shapes give you the opportunity to create a vast array of color combinations.

Select from our assortment of Swarovski® crystal or use your own. Buy only what you need or keep several crystal colors and clasps on hand so you can design when you're inspired.

Available in two highly polished nickel-free plated finishes: gold and rhodium.

• gold plate

Crystals needed (foil, pointback):

QTY	SIZE	SHAPE	SWAROVSKI® STYLE #
2	ss19	round	1028
2	8x4mm	navette	4200
1	8x4.8mm	teardrop	4300

Tools needed:

- jewelers tweezers (see helpful hints below)
- 2-part all purpose 5-minute epoxy, clear drying

How to:

- Mix glue per instructions, apply to inside bezel of clasp (not on crystal).
- Set in crystal and adjust to make sure crystal is level.

Helpful hints:

- Instead of tweezers, use a toothpick with a tiny bit of museum putty or natural bee's wax rolled on the tip. It will stick to the crystal so you can position it and releases easily.
- If you get glue on the crystals or clasp, dampen (squeeze out all excess) a Q-tip in isopropyl alcohol to remove. This only works if the glue has not set.
